adds functionality and storage for all your homegrown produce and pantry essentials.

A recently installed, zoned ducted heating and cooling system ensures comfort through every season, complemented by the large living area featuring a combustion heater, vintage-style ceiling fan, and intricate ornate ceiling that ties the home's character together beautifully.

Outside, the charm continues. A concave verandah gracefully wraps around the home, connecting to two outdoor sitting areas – the perfect spots to unwind as you take in the peaceful surroundings, watch the sun dip behind the horizon, or listen to the gentle rustle of crops swaying in the breeze.

Children and pets will love the grassed areas, while the easy-care gardens ensure more time is spent enjoying life, not maintaining it.
